

SPRINGFIELD FIRE DEPARTMENT

Series 100

Title:	Medical Response Team Job Description	111
Category:	Organization	7/2017

MEDICAL RESPONSE TEAM

Medical Team members shall be appointed by the fire chief.

RESPONSIBILITIES

- Safely operate response vehicle within the guidelines set forth by the department.
- Respond to medical calls and perform patient care and rescue in compliance with the department's SOGs and directives.
- Assist ambulance service personnel in patient care as needed.
- Clean and or decontaminate response vehicle and equipment post run or as needed in preparation of future service as outlined in the department's Exposure Control Plan.
- Perform routine response vehicle inspection of lights, sirens, radio equipment, medical equipment, and be responsible for vehicle's exterior appearance.
- Conduct inventory of medical supplies and maintain an adequate inventory.
- Actively participate in training opportunities to enhance services.
- May conduct educational and public relations activities in health and safety.
- Follows the firefighter's job description.

QUALIFICATIONS

- Must have a valid Emergency Medical Responder (EMR) in the state of Michigan.
- Exhibit the ability to interpret conditions, come to conclusion, and act quickly to intervene in potential life-threatening situations.
- Comfortably perform initial assessment of each patient, using MFR techniques and procedures, with their scope of practice.
- Accurately collect, communicate record and protect patient data to provide superior patient care.
