

SPRINGFIELD FIRE DEPARTMENT

Series 200

Title:	Station	213
Category:	Administration	7/2017

VISITATION

Visitation of member's friends, families, and others must adhere to established safety rules and procedures while on city property. Visitors are to be supervised and must treat the premises and equipment with the utmost respect.

STATION TOUR GUIDELINES

Request for station tours shall be directed to the fire chief to be scheduled.

APPARATUS AREAS

The station's apparatus floors shall be kept free of grease, oil, water and tripping hazards.

No Class I or Class II flammable liquids shall be used for cleaning purposes to remove grease or dirt from apparatus.

HOSE DRYING TOWER

Approved head protection shall be worn by all members or persons in the hose tower whenever hose handling/hanging operations are taking place.
