1.01 - Purpose

It is the purpose of this Personnel Policy Manual to establish procedures which will serve as a guide to administrative action concerning the various personnel activities of the City of Springfield.

1.02 - Scope of Policy

These Personnel Policies apply to all full-time and part-time employees of the City of Springfield as defined herein. In the event of any conflict between the provisions of these policies and the provisions contained in any applicable collective bargaining agreement or, individual employment agreement or Federal or State law, the collective bargaining agreement or individual employment agreement or relevant Federal or State law shall govern in all cases with respect to employees covered by such agreements or Federal or State laws. Adoption of these policies hereby rescinds any and all previous personnel policies and procedures as may have existed. Any situation, circumstance, or condition not covered by these policies shall be referred to the City Manager. There are no precedents or understandings, real or imagined, which continue after the effective date of the adoption of these policies unless specifically addressed herein. Each employee will be provided a copy of these policies and is responsible to act in the course of his employment in accordance with the guidelines as described herein. These policies do not apply to elected officials of the City, nor any individual appointed/elected to any commission, board, or panel.

The policies as stated in this handbook are intended as guidelines only and are subject to change at the sole discretion of the City. This handbook should not be construed as and does not constitute a contract guaranteeing employment for any specific duration. Although the City hopes that all employment relationships are long-term, either the employee or the City may terminate such relationships at any time, for any reason, with or without cause or notice. All employees must understand and acknowledge that no supervisor, manager, or representative of the City other than the City Manager has the authority to enter into any agreement with any employee for employment for any specified period of time or to make any promises or commitments contrary to the foregoing.

1.03 - Amendment of Policies

The City Manager is authorized to prepare modifications, amendments or revisions to this Personnel Policy for Council approval when in his opinion such modifications, amendments or revisions are needed.

1.04 - Pronoun Gender Use

Reference to the masculine pronoun in this policy shall be interpreted to include the feminine unless specifically provided otherwise.

1.05 - Use of Shall and May

For the purpose of this policy, "shall" is mandatory, "may" is permissive.

1.06 - Administration

The Personnel Policy Manual shall be administered by the City Manager in conformance with the provisions of the City Charter and applicable Federal, State, and Local laws.

Chapter 2 General Employment Policies

2.01 - Equal Employment Opportunity

The City of Springfield provides equal employment opportunities (EEO) to all employees and applicants for employment without regard to race, color, religion, sex, national origin, age, handicap, or status as a Vietnam era or special disabled veteran in accordance with applicable Federal laws. In addition, the City of Springfield complies with applicable State and local laws governing non-discrimination and employment in every location in which the City has facilities. This policy applies to all terms and conditions of employment, including, but not limited to, hiring, placement, promotion, termination, layoff, recall, transfer, leave of absence, compensation, and training.

The City of Springfield expressly prohibits any form of unlawful employment harassment based on race, color, religion, sex, national origin, age, or handicap.

2.02 - Sexual Harassment

A. With respect to sexual harassment, the City of Springfield prohibits:

 - iii. Such conduct has the purpose or effect of creating an intimidating, hostile or offensive working environment.
2. Offensive comments, jokes, innuendos, and other sexually oriented statements, actions or materials.

B. Harassment Complaint Procedure

Each Department Head is responsible for creating an atmosphere free of discrimination and harassment, sexual or otherwise. Further, employees are responsible for respecting the rights of their co-workers.

If an employee experiences any job related harassment based on sex, race, or another factor, or believes s/he has been treated in an unlawful, discriminatory manner, s/he is to promptly report the incident to their Department Head who will investigate the matter and take appropriate action, including reporting it to the City Manager. If it would be inappropriate to discuss the matter with the Department Head, s/he should report it directly to the City Manager, who will undertake an investigation. All complaints will be kept confidential to the maximum extent possible.

The City of Springfield prohibits any form of retaliation against any employee for filing a bona fide complaint under this policy or for assisting in a complaint investigation. However, if after

investigating any complaint of harassment or unlawful discrimination the City of Springfield determines that the complaint is not bona fide or that the employee has provided false information regarding the complaint, disciplinary action may be taken against the individual who filed the complaint or who gave the false information.

All complaints are to be in writing.

Such rules and regulations are to be approved by the City Manager.

2.05 - Medical Examinations

As part of the City of Springfield's employment procedures, an applicant is required to undergo a pre-employment medical examination that is conducted by a physician designated by the City. Any offer of employment that an applicant receives from the City of Springfield is contingent upon, among other things, satisfactory completion of this examination and a determination by the City and its examining physicians that the applicant is capable of performing the responsibilities of the position that has been offered.

As a condition of continued employment, employees may also be required to undergo periodic medical examinations at times to be specified by the City. In connection with these examinations, employees are required to provide the City examining physician with access to their medical records and history, if

requested, to the extent that such records and medical history are required by the City's examining physician. Further, it should be understood that the City receives a full medical report from its examining physicians regarding the applicants' or employees' state of health. All City required medical examinations are paid for in full by the City. Questions about City required medical examinations should be directed the City Manager.

6.04 Reserved

6.05 - Grievance Procedure

Policy: The most effective accomplishment of the work of the City requires prompt consideration and equitable adjustment of an employee's grievance. It is the desire of the City to adjust grievances informally and both supervisor and employee are expected to make every effort to resolve problems as they arise. However, it is recognized that there will be grievances which will be resolved only after a formal appeal and review. Accordingly, the following procedure is established:

- A. Any employee covered by the provisions of these policies who feels that such have been violated shall, in the first instance, discuss such verbally with his immediate supervisor. The immediate supervisor will make inquiry into the facts and circumstances of such issue and attempt to resolve the problem informally. If such informal discussion does not successfully resolve the dispute, the employee shall reduce his assertions to writing and present such to his Department Head within ten (10) work days of the date of the occurrence of the alleged incident. The Department Head shall investigate the circumstances regarding such written grievance and give a written response back to the employee within ten (10) work days of the receipt of the grievance.
- B. Any employee who is dissatisfied with the written decision of the Department Head may submit the grievance, in writing, to the City Manager within five (5) work days of receiving the response from the Department Head. The City Manager may make such investigation and may conduct such hearings as he deems necessary and shall, within fifteen (15) work days after receipt of the employee's grievance, inform the employee, in writing, of his decision. The decision of the City Manager will be final. In cases of an employee's discharge only, said discharged employee has the right to have the City Manager's decision reviewed by a panel consisting of the Mayor, the Mayor Pro Tem, and one other Council Member to be selected by the Mayor. Such panel will provide their determination in writing to the employee, and such determination shall be final.
- C. Department Heads shall submit any grievances received directly to the City Manager. No disciplinary action or reprisal of any kind shall be suffered by any employee as a result of filing a grievance.
- D. Department Heads who have a grievance against the City Manager shall provide the City Manager an opportunity to address the grievance. If the Department Head is dissatisfied with the decision it may be appealed to the Mayor who will appoint a board of three (3) to review the incident and the decision. The board's decision shall be binding.

6.06 - Termination of Employment

Employees desiring to terminate their employment relationship with the City of Springfield must notify the City at least two (2) weeks in advance of their intended termination date. Such notice shall be given in writing to the employee's Department Head. Proper notice allows the City of Springfield sufficient time to calculate all accrued overtime (if applicable) as well as other monies to which the employee may be entitled and to include such monies in his final pay check. Without proper notice, the employee may have to wait until the end of the next normal pay period to receive such payments. Failure to give two weeks' notice shall result in the forfeiture of accrued vacation benefits.

Employees who plan to retire are urged to provide the City of Springfield with a minimum of (2) month's written notice. This will allow ample time for the processing of appropriate pension forms to ensure that any retirement benefits to which an employee may be entitled commence in a timely manner.

Exit interviews with the employee's Department Head are normally scheduled for outgoing employees after the Department Head has received notice of resignation or intent to retire and for employees whose termination is initiated by the City. The purpose of these interviews is to review eligibility for benefit continuation and conversion, to ensure that all necessary forms are completed, to collect all property belonging to the City of Springfield, and to provide employees with an opportunity to discuss their job related experience.

Chapter 7 Drug Policy

7.01 - Policy:

The City is a Drug Free work place and recognizes substance abuse as a threat to the health, safety, and welfare of the public and the employees of the City. Substance abuse means the use of illicit drugs or the abuse of legal drugs or alcohol. Thus, the City will take the necessary steps, including testing to eliminate substance abuse. It is the intent of the City, to encourage and assist employees in treatment and rehabilitation whenever appropriate. It should be understood by all employees that counseling or rehabilitation programs are separate from constructive disciplinary measures that may be utilized by the Employer.

However, the City cannot condone the use of illicit drugs or the abuse of legal drugs or alcohol. Therefore, the sale, purchase, transfer, use, or possession of illegal drugs or drugs which have not been legally obtained by employees is prohibited. In such cases, disciplinary action, up to and including termination, will be imposed.

7.02 - Informing Employees About Drug Testing:

- A. It is the goal of this policy to prevent and rehabilitate rather than terminate the employment of employees who are involved in substance abuse without first having been offered the opportunity to discontinue use either through personal choice or by treatment for chemical dependency, if such treatment is needed.
- B. To accomplish this goal the City will inform all employees of the City's drug policy before testing is administered. Employees will be provided with information concerning the impact of the use of drugs on job performance. In addition, the Employer shall inform the employees of how the tests are conducted, what the test can determine, and the consequences of testing positive for drug use.

7.03 - Employee Testing:

- A. Urine testing of employees can be an effective means by which to identify those in need of counseling, treatment or disciplinary action. The urine testing program is intended to supplement, not replace, other means by which the use of drugs and alcohol can be detected.
- B. The testing of employees shall be conducted only under the following circumstances:
 - 1. Routinely to all job applicants to whom a job offer is being considered.
 - 2. When an employee's supervisor has a reasonable suspicion that an employee is intoxicated or under the influence of drugs or alcohol.  - i. When an employee is found in possession of suspected illicit drugs or alcohol or when suspected illicit drugs or alcohol are found to have been brought by the

- employee into an area controlled or used exclusively by the employee (e.g., employee's locker, etc.)
- ii. As a part of a routine twelve (12) month testing program instituted as a result of prior drug or alcohol related disciplinary penalties against the employee.
3. Randomly in accordance with the Employer's plan. Selections will be accomplished using a scientifically valid, computer-based random number generator in which all employees active in the pool are assigned a random index number between A1" and the number of individuals in the pool (the number of their place in the overall pool).
- C. An employee ordered to submit for testing shall be informed of the underlying reasons why he or she is being ordered to submit the specimen. The reasons shall be documented in writing prior to the test results being known with a copy furnished to the employee within forty eight (48) hours. In situations covered by collective bargaining agreements, individuals shall have the right of representation consistent with the applicable collective bargaining agreement. If the employee refused or fails after a three (3) hour period to submit to testing, he shall be informed that this refusal constitutes failure to obey a direct order and that this is grounds for termination.
- D. The supervisor requesting the testing shall fill out the designated form. The form shall include space for the employee to indicate any prescribed or over the counter medications currently being taken by the employee.
- E. The cost of testing for substance abuse will be the responsibility of the City. The cost of any treatment and/or rehabilitation for an employee that tests positive for illicit substances and/or alcohol that is not covered by the employee's existing medical coverage will be the responsibility of the employee.

7.04 - Specimen Collection:

- A. For urine testing, the urine specimen shall be obtained from the employee as follows:
1. The employee shall be escorted to a medical facility.
 2. Medical personnel shall hand the employee a specimen bottle, labeled with the employee's name or patient identification number, the date, name of staff witness, and any other relevant identifying information. The information shall be typed or written in indelible ink.
 3. Designated medical personnel shall personally watch the employee to insure that the employee submits an unadulterated urine specimen in the specimen bottle provided, by witnessing the employee urinate into the bottle or take other precautions. The foregoing shall be conducted by staff of the same sex, in private, and outside the presence of others. Employees will be required to indicate the types of prescribed or over the counter medications they are taking prior to the test.
 4. If the employee is unable to provide a urine specimen immediately, he shall be detained until he is able to provide a urine specimen. Employees unable to provide a urine specimen

within three (3) hours of being ordered to do so shall be considered to be refusing to submit the specimen.

5. After the sample is obtained, the designated medical personnel must not lose sight of it or compromise such other precautions as may have been taken to protect the specimen until he obtains it from the employee.

B The designated medical personnel witnessing the collection of the sample by the employee shall make a notation on the designated form. If the employee is unable within three (3) hours of being ordered or if the employee refused to submit to the test, this fact shall be noted.

For the testing of alcohol, an alternative method of testing (e.g. breathalyzer or blood sample) will be utilized.

7.05 - Testing Procedure:

The specimen shall be forwarded to a contract laboratory for testing and processed as follows:

- A. The specimen shall be placed in a secured freezer, if it is not to be tested immediately. All persons handling the specimen shall make an appropriate notation. The number of persons handling the specimen should be minimized.

Note: A nanogram (ng) is one millionth of a milligram. A milliliter (ml) is one thousandth of a liter.

- B. For applicants, the Thin Layered Chromatography (TLC) test shall first be performed. The results obtained from the TLC testing shall be noted on the form. If a positive result is obtained on an applicant, a second test shall be performed on the same specimen using the alternate scientific method Enzyme Multiplied Immunoassay Technique (EMIT). In the event that both tests are positive, an applicant may request at applicant's cost, the sample be tested using the Gas Chromatography/Mass Spectrometry (GC/MS) method. If this is negative, the applicant will be reimbursed by the Employer.

C. For employees, the Thin Layered Chromatography (TLC) test shall be performed first. If a positive result is obtained on the employee, the Gas Chromatography/Mass Spectrometry (GC/MS) shall be performed.

D. For all tests, the contract laboratory shall be instructed:

1. To freeze all specimens yielding positive results.

1. Any action to be taken on receipt of a positive report which has been confirmed by the GC/MS method will be taken by the Department Head only after receiving a report from the City Manager.
2. The detection of the use of any illicit drug may be grounds for immediate dismissal. The employee, however, should have every opportunity to explain the presence of any drug in his system, and if need be, substantiate his explanation with medical evidence.
3. The use of prescribed medications could be an indication of a possible health problem and a review will be made of the employee's job responsibilities and whether the use of these medications poses a potential hazard to himself, his fellow employees, or the general public.

G. Chemical Dependency Program:

Every employee whose specimen tests positive for illicit drugs or alcohol will be referred to the Employee Assistance Program (EAP). The counselors employed by the EAP will assist the employee in obtaining counseling or treatment in a rehabilitation program. In addition, at any time an employee may voluntarily enter a chemical dependency program without fear of disciplinary action against him or her for doing so. Details concerning treatment any employee receives shall remain confidential and shall not be released to the public.

H. Duty Assignment after Treatment:

Once an employee successfully completes a rehabilitation program, he may be returned to his regular duties. Employee reassignment during treatment in an outpatient program shall be determined in the sole discretion of the Employer. In making such determination, the Employer shall consider each individual's circumstances and any recommendation as received from the employee's outpatient

program counselors. Any employee who, under this policy, is returned to duty assignment after treatment, may as a condition of employment be required to submit to periodic retesting as directed by the Employer. Personal Health Information Privacy Act

11.01 - Introduction

The Health Insurance Portability and Accountability Act (HIPAA) was enacted by Congress in 1996. One of the provisions of the act (which is longer than the Bible) provides for privacy in transactions of health information. The commercial value of private health information and the technological ability to target people with specific health needs is resulting in added privacy issues throughout the U.S. Privacy regulations were finalized in 2002 and became effective April 14, 2003. The protection of Personal Health Information (PHI) is now regulated.

11.02 - Purpose

This policy is enacted in compliance with the act which outlines the employer's responsibility, the employee's responsibility, and the rights of the employee in protecting PHI. PHI is individually identifiable information created or received by a health plan and health care provider among other things.

11.03 - Employer Responsibility

The City of Springfield is required to comply with the act because we have employees covered by a health plan. Additionally, the Public Safety Department provides some health care in its role as a First Responder unit.

- A. The City of Springfield may not use or disclose PHI without the authorization of the affected individual. Employees must specifically indicate whether they want information transmitted to or withheld from family members.
- B. The City of Springfield may use or disclose PHI for treatment, payment, or health care operations.
- C. Dissemination of information is limited by the act and this policy to the "minimum necessary" to accomplish the purpose.
- D. We are required to protect all medical records and other individually identifiable health information held or discovered in any form whether electronic, paper, or verbal.
- E. We are also required to keep records of use of the information, must receive written authorization prior to the disseminate of the information, must train employees on privacy protection, and establish a grievance process.
- F. The City of Springfield will use employee PHI in determination of fitness for duty, promotion, and absences related to performance.
- G. We will also use PHI in conferring with doctors and health providers when the issue is job related or an on-the-job injury.
- H. Information will also be transmitted to the insurance carrier of record.

Privacy Officer:

The privacy officer of the City of Springfield is the City Manager who will make sure that violations are tracked, corrected, and that PHI is secure.

11.04 - Employee Responsibility

Any employee who by reason of authority, opportunity, accident, or error has knowledge of PHI of any other employee, employee's family, or customer of the City of Springfield shall:

- A. Keep any information confidential. In addition to confidentiality requirements of the City of Springfield, a person with the intent to sell, or sells, or transfers or uses individual identifiable health information for commercial advantage, personal gain or malicious harm, is subject to a fine up to \$250,000 and/or a prison term of 10 years.
- B. Re-file any information when not under direct observation or use.
- C. Not discuss with any other employee or supervisor knowledge of PHI without obtaining consent of the employee.
- D. Not send by mail, or electronic transfer, or discuss in person or by phone or radio waves any PHI without the consent of the individual except that which is necessary for providing immediate health care.
- E. Make a record of, or copy of, information disseminated to show that only the minimum necessary information was divulged. The record will include the reason, and the recipient's information.
- F. Injured employees will designate either their supervisor or the city manager as the recipient of pertinent information. (This information will also be available to the worker's compensation carrier.)
- G. Public Safety Department reports containing PHI must be deleted from the reports prior to being delivered to any third party.
- H. File an authorization form with the City Clerk before any assistance by the administration will be delivered in rectifying problems with the insurance carriers or doctors.
- I. Afford employees the right to review the city's records of their PHI.

11.05 - Violation/Discipline

Violations of this policy subject the violator to the progressive discipline policy as outlined in the Personnel Policy of the City of Springfield. Carelessness will not be a mitigating factor. Malicious use will result in termination from employment.

11.06 - Acceptable Uses

Acceptable uses include but are not limited to exchange of patient information needed for the treatment of the patient, billing, or essential health care operations.

11.07 - Privacy

Personal health information, whether transmitted electronically, orally, photographically, or written is strictly confidential and protected by law and these policies. Even verbal transmission is to be of such voice level to prevent being overheard by others. The provision of health care is not intended to be impeded by privacy laws.

11.08 - Freedom of Information

Neither the routine insurance requests nor Freedom of Information requests shall include PHI. This includes photographs, comments in reports, and codes on reports.

11.09 - Role Based Access

Access, use, and disclosure shall be based on the role of the employee and only to the extent that PHI is necessary to accomplish the job function.

11.10 - Grievance Procedure

The grievance procedure of union contracts will be used by those covered under collective bargaining agreements. The grievance procedure in section 6.05 of these Personnel Policies will be used by nonunion personnel.

11.11 - Complaint Procedure

If an employee has reason to believe that any PHI has been improperly secured or wrongfully disclosed the procedure for complaints is:

11.13 - Summary

The fundamental principle is that all employees are to be sensitive to and make effort to maintain the security of all PHI which comes to our attention. Take whatever steps are necessary to avoid inadvertent disclosure.
