NOTICE: BOIL WATER ADVISORY

Upton Avenue and N 29th Street

**For Upton Avenue between N 29th, N 30th Street and N 29th Street south of
Upton Avenue to the dead end.**

The city is requiring that these water customers boil any water before drinking it, using it for cooking or making ice. This is a precautionary measure, and officials say it may take several days before water is completely safe for consumption. This advisory will be in effect until further notice.

Questions about this advisory should be directed to the Public Services Director at (269) 441-9277.
